Forever floats that standard sheet!
Where breathes the foe but falls before us,
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us!

Lo, sifted through the winds that blow
Down comes the soft and silent snow,
White petals from the flowers that grow
In the cold atmosphere.

The School and Education will live
Forever in the hearts of Men.

Oh, gay were the sports of the noontide
When autumn winds frolicked with leaves
We gloried in the sunshine and campus wide
'Twas so cheerful there—

Through the foliage green
The future lies serene

Administration

P. L. Ewing, *Superintendent*, Dr. F. A. Morrison, R. L. Goulding, E. K. Elfgen, M. W. Acker, H. E. Meyer, L. J. Misegades. Seated, C. J. Schlosser, *President*.

Board of Education

The Board of Education of the Alton Community Consolidated School District No. 151 is composed of outstanding, interested citizens of the community. These men give freely of their time and abilities to make the Alton schools a better place for the boys and girls to gain a worth-while, practical education. For many years the Alton Board of Education has worked, planned, and made possible a school system that has won local, state, and national recognition. For these reasons the high school students and faculty wish to congratulate and thank the Alton Board members for their earnest and sincere efforts.

Coaching Staff

Our coaching staff under the able leadership of Mr. Jackson, Director of Athletics, again turned in a very credible record. When fall came, our coaches found, as usual, that graduation had played havoc with many positions on the team. Long hours of conditioning and training were necessary to train new players to fill these positions. The football coaching staff gave unselfishly of their time that we might have a football team that would be a credit to the school.

Two new members of our coaching staff are Merlin Pierce and Pete Stavros. Coach Pierce had charge of the "B" team, a new feature at Alton High, and Coach Stavros worked with the second team "Yannigans," simulating the plays of our opponents in order to brief the first string on their style of play.

Assistant Coaches PIERCE and STAVROS

The 1946

The hilltoppers started the season by defeating a strong McKinley eleven from St. Louis. Dropping the next game to Granite City, Alton trounced Madison and Edwardsville, and squeezed by Wood River in the last quarter to win with one touchdown. Pacing East St. Louis with a brilliant passing attack, Alton fell by the wayside in the last half, but subsequently proceeded to defeat a hard blocking Belleville team, who later beat East St. Louis. In the rain and mud Collinsville took their advantage over Alton's passing attack to win by 6 points. On Turkey Day, the law of averages finally caught up with the Redbirds; Western won!

The season ended with Alton tied for third place in the Conference.

That's all for this Granite ball carrier.

HOWARD WIELAND, WAYNE FISHER, COACH STAVROS, COACH INGLES

Co-operation between players and their coaches has proved to be an important factor in establishing a well-organized team. George Ingles, with the able assistance of Pete Stavros, has accomplished this.

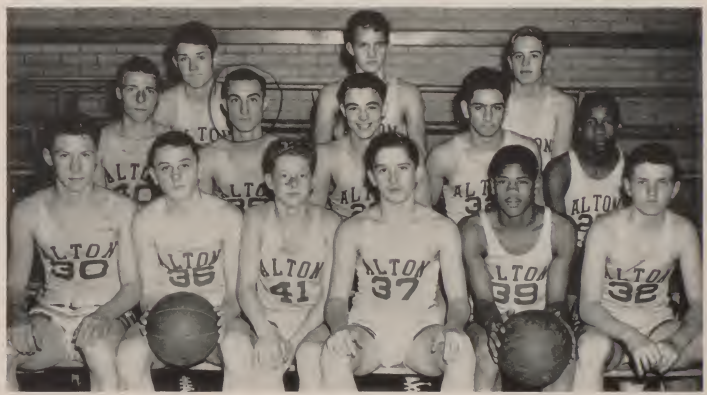

Coach Ingles in the past years has proven himself capable of developing many fine basketball players. Our teams have not always won championships, but they have always been fighting teams of which Alton High students may well be proud.

The 1946-47 Basketball Season

This year the Redbirds seemed to be laboring under a jinx, losing most of their games by very small margins in the last few minutes of play. Most of the games were an uphill fight in the last half, showing what the team could really do. The first game of the season found Alton defeating Highland, and then, after a few losses, winning both games from Madison. High point of the season was the victory over the sharpshooting Wood River team in a thrilling overtime game. Fighting from behind, Alton forged ahead in the last half with Wood River tying the score as the fourth quarter ended. Showing remarkable accuracy, Alton tasted sweet victory in the ensuing overtime. The Redbirds finished the season with a win over Greenville.

The success of a team is too often measured by the number of games won and lost. Alton was often defeated but never beaten, in that they fought each game to the end. We may be well proud of our team for their fighting spirit.

The Rifle Team

The Alton High School rifle team, under the able leadership of Mr. Wools, has shown much improvement since last year. The team now holds third place in the Greater St. Louis Rifle League. Although handicapped by the lack of a practice shooting range, the team has achieved a very suitable standing. George Beneze holds the highest average for Alton High.

Girls' Athletic Association

The Girls' Athletic Association, better known as the G.A.A., is composed of high school girls who enjoy sports and the out-of-doors. Their activities include tennis, baseball, volleyball, and basketball, to name a few.

Besides playing for enjoyment, these girls are also striving for awards under the able guidance of their sponsor, Miss Julia Foster.

Classes

Everybody takes English . . .

Pay special attention in these classes, kids; you have them for four whole years. These are the classrooms where you acquire your cultural background, from grammar and spelling to themes, creative writing, book reports, speeches, and even a few of Shakespeare's plays. If you retain everything you learn here, you can mix in any man's company.

Something must be interesting

but only the brave try Languages!

Not many pay so much attention to Caesar as these young 'uns here. They're on the ball! Spanish classes provide us with lists of useful words, such as "Amor," "senorita," and "Fecha" (which means "date" in any man's language, n'est-ce pas?) All of which brings back those memories of French classes. Gee, but that pronunciation had us baffled. However, all our efforts weren't lost on books, for the Mardi Gras and the Language banquet left us with some pretty fine memories.

Everyone includes a generous number of social science classes in his high school curriculum. We may be the ones who will have to guide the world of tomorrow, but now we're as befuddled as the politicians in Washington who are trying to run the government. "The world just don't make sense!"

Boys' Gym classes develop Strong Athletes . . .

Remember how we all looked forward to gym days? Those were the periods for letting off our excess steam in a rough and ready football, basketball, or crab-soccer game, depending on the weather and season. Not too many broken bones and bruises, though. The games built brawn, muscle, skill, and good fellowship, thoroughly accomplishing their purpose.

Girls' Gym classes, Fair Maidens

This year the girls' gym classes have been very busy participating in many of the activities which the girls had wanted to do for a long time. One of the most fascinating was archery; and although not every girl became an expert "Robin Hood," we feel sure that if you ask any of the girls they can tell you how much fun they had.

The Alton High Band

The Alton High School Band has proven to be one of the most active and exciting organizations in School. It now boasts over a hundred members, an achievement not only for the band, but for the school. Its high stepping formations and snappy marches added much to the enjoyment of the football games, as did the sharp new numbers Mr. Duker introduced at the basketball games. But the band didn't end its prowesses with entertainment at athletic functions; it slowed its tempo down to provide music for the plays and graduation, also.

The biggest attraction of the year, however, was the annual concert, the best of its kind ever presented at Alton High. Under the excellent direction of Mr. Duker, we can expect even greater achievements in years to come.

CARL DUKER, *Band Director*

Alton High School Marching Band

The Alton High Chorus

A Chorus Rehearsal

This year our chorus, under the capable direction of Miss Vivienne Ferrell, has presented many delightful programs. Some of these programs have been given in special assemblies at Christmas, Thanksgiving, and at graduation exercises as well as for organizations outside of school. We feel sure that in the future years our chorus will continue to be one of the finest groups at Alton High School.

Our Friends, the Advertisers

On the following pages appear the names of business firms that have made this volume of the Tatler possible. To them we wish to express our most sincere thanks.

Whang Destructive Marauders With Super-X .22 Power!

Marauding pests take a heavy toll of game. You can protect game from its natural enemies, and get a lot of good sport at the same time, by going after pests with SUPER-X 22 cartridges. A bob-cat, coyote or wolf is tough but he'll go down and stay down when you whang him with SUPER-X power. Available in Short, Long and Long Rifle with solid and hollow point bullets.

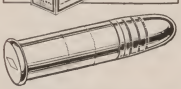

Western Super-X
THE LONG RANGE .22

"Man, I Didn't Know a .22 Could Be So Accurate!"

That's what you'll say, too, the first time you do some serious shooting at a target with Western XPERT 22 cartridges. They find the center of the bull's-eye just as if they didn't know how to go anywhere else. When you consider their cleanliness, because they are smokeless and non-corrosive, there isn't a better buy in ammunition. Available in Short and Long Rifle.

Look To The Future

memories will occasionally be flooded with the golden days of school. Memories of your first day in school . . . memories of high school . . . memories of glorious activities . . . memories of cherished friendships . . . memories of graduation . . . all with all these memories of joyful occasions also will come the realization of days spent in serious preparation to help you carve a stronger, more solid and secure future.

With a small bottle business which progressed and expanded by diligent hard work and constant research to become steady, dependable, and the world's largest glass plant. This preparation, hard work and research through the years, enables us to Look To The Future with confidence and security.

Perhaps some day you, like others who have graduated before you, will join with us and our security will be ONE, as together we both, LOOK TO THE FUTURE!

In Appreciation

The finished product can be no greater than its component parts and the finished yearbook can be no greater than the efforts and talents of the members working together. I wish to thank each one on the Tatler Staff for his cooperation.

We have been particularly fortunate in having Gene Shultz again as a photographer. The montages that he has spent hours preparing are very exceptional. Gene's willingness and readiness to take pictures has filled our annual with scenes from all departments of school. The advertising staff has done outstanding work with Marcus Sessel deserving much of the credit. He and Jim St. Cin led the group in securing more advertising than was ever before obtained, thereby making a larger and better book possible. The editorial, business, art, typing, advertising, and circulation staffs achieved near-perfect harmony. Mr. Johnson deserves our thanks for his help in making many of the pictures possible.

Behind the production of every yearbook we find the expert guidance of a faculty advisor. We extend our deepest appreciation to Miss Williamson, who has worked untiringly to help a "green staff" turn into an efficient one, so that they might offer you a yearbook of which you may be justly proud.
